

## „A Bus Tour from Přeštice to Krško“ (text k prezentaci)

I'd like to introduce our country. The Czech Republic is situated in the heart of Europe.

Prague is the capital city.

- Prague Castle
- St. Veit's Cathedral
- Charles Bridge
- National Theatre
- Wenceslas Square
- Old Town Square
- The Airport of Václav Havel

Now you can see the start of our journey. Not far from Přeštice there is a beautiful national park Šumava with wild rivers, mountains and ski resorts. In Šumava the most famous river Vltava has its spring. Vltava is also a name of a music composition created by a Czech famous composer Bedřich Smetana.

During our journey we passed two countries, the first big city on our way was German Passau which is a city located on the confluence of three rivers Donau, Inn and Ilz. Another big famous city was Salzburg where the biggest person of classical music – Mozart - was born.

An essential part of our journey we spent in the Alps. It was not so easy for our bus. Another region that we passed was Kärnten, near the city of Spittal an der Drau, there is a popular ski resort Goldeck and the biggest milk producer on the market called Kärntnermilch. Villach is famous for lakes and spa resorts, in the 16th century the spa was founded by a doctor and scientist Paracelsus.

And now you can see Slovenian Kranj, the place where France Prešeren, the author of Slovenian anthem, is buried. Please keep sitting. The capital city of Slovenia is Ljubljana. The symbol of the city is a dragon – on the top of the tower of Ljubljana Castle and on the Dragon Bridge. An important factory Akrapovič producing exhaust systems has its headquarters in Ivančna Gorica.
